Message

It is a matter of immense pride that the Corps of Engineers is celebrating its 243rd Corps Day on 18 November, 2023. The Corps stands as a crucial pillar in the war fighting capabilities of the Indian Armed Forces by consistently upholding professionalism and an unwavering spirit of service and sacrifice.

On behalf of the nation, I extend heartfelt gratitude for the Corps' unwavering support in delivering vital infrastructure assets. I am confident that the Corps alongwith its four pillars-Combat Engineers, Military Engineering Service, The Border Roads and Military Survey will continue to play indispensable role to enhance combat capability and infrastructure development.

I extend my warmest congratulations to all personnel, veterans and their families on the 243rd Corps of Engineers Day and wish them continued success in all their future endeavours.

Jai Hind !
