

MESSAGE

On the occasion of the 242nd Anniversary of the Corps of Engineers, I convey my greetings and best wishes to the entire Sapper Fraternity.

The Corps has a rich and distinguished history, which resonates of relentless courage, dogged determination and selfless service, since the inception in 1780. The Sappers have demonstrated unflinching dedication and technical acumen, not only in providing combat support but also during numerous calls in Aid to Civil Authorities. True to their motto “**SARVATRA**”, the Sappers have ensured provision and maintenance of infrastructure for the three Services and other organisations of the Ministry of Defence. The Corps has displayed extraordinary professionalism in all fields including during the recent Pandemic, wherein their efforts resulted in saving many lives. The Corps has also excelled in the field of sports and adventure, bringing glory to the Indian Army and the nation.

I wish All Ranks of the Corps of Engineers, Veterans, Veer Naris, Civilians and their families, Good Luck and success in their endeavours.

‘Jai Hind’

(Manoj Pande)
General
Chief of the Army Staff
