MESSAGE

I am happy to learn that the Corps of Engineers is celebrating its 242nd Corps Day on 18th Nov, 2022.

The Corps has an inspirational and illustrious record both in war and peace. Since its inception, the Corps has been working relentlessly with perseverance in rendering yeoman services to nation, true to its motto 'SARVATRA'. It has been the torch bearer not only in developing defence infrastructure in the most inhospitable terrain and inclement weather, but also in supporting civil administration in providing relief during natural calamities. I am confident that the Corps of Engineers will continue to serve the nation with unflinching dedication.

On this occasion, I extend my warm greetings and felicitations to all personnel and veterans of the Corps of Engineers and their families.
