WEB BASED SOFTWARE APPLICATION FOR MES EMPLOYEES (HRM 1.0): BOSS

1. It is intimated that HRM 1.0 is fully compatible to operate on BOSS. However, certain formations have reported problems in discharging certain functions. The uploading of scanned PTO was being considered as hindrance.

2. The trial of uploading of scanned data has been reviewed and there is no problem in uploading the scanned documents (jpg). Those units which are using out-dated BOSS may be having such issues.

3. Those units which are facing such problems are advised to get update on BOSS which is usually loaded by local signal unit. The computers having BOSS need to be updated either by local signal unit or it can be done as self-help basis following the under mentioned steps:-

(a) **Update BOSS:-**

(i) Open Terminal and Run Following Command subsequently:-
Type on screen in front of prompt- **sudo sudo apt-get update**, then press Enter. On new screen again type- **sudo sudo apt-get install lsb**, then press Enter.

(b) **Update Firefox to Latest Version:-**

(ii) Open in Firefox:- <https://bosshelp1.wixsite.com/bosshelpdesk>
Click:- "Update the Firefox for GEM (If necessary)"
*Follow instructions as mentioned on Page.

4. The units may also seek help from BOSS helpline by sending their problems to bosshelp1@gmail.com.
